I believe that these trees will be trimmed this weekend. (It's been scheduled for awhile.)

Does the BID maintain the attached trees? LAPD evidently has cameras there and they are hoping to get a portion of it trimmed so they can continue to monitor the area. This something that is in your arena?

Also, please give me a call tomorrow to discuss the Strip Lot contract. There are some issues I want to try to work out.

Kind regards,

Hello,

Mr. Sutton this is Officer Ashley, Jimenez we spoke last week briefly. I am responsible for viewing and maintaining our LAPD cameras, that are city wide. This camera is used for public safety reasons. Bureau of street services advised me that they do not have funding to trim the tree, so I am asking if you can help with this matter?

The tree obstructing one of our city cameras that is located at 8619 S. Sepulveda Blvd. However, from the google maps search that I did, it does not appear that there is a business there with that address. The nearest one is adjacent to it Home Goods located at 8621 S. Sepulveda Blvd, Los Angeles, CA 90045. I have also enclosed a photograph of the location.

Thank you,

Officer Jimenez
